

BLUETOOTH MIRROR USER GUIDE

OPERATING INSTRUCTIONS

1. Connect your mirror to the power source.
2. You will hear a beep tone from the Bluetooth module.
3. Use a Bluetooth enabled mobile phone or another device, turn on the Bluetooth function then search for Bluetooth devices.
4. When your device displays “BTS”, it means that the mirror has been detected on your device.
5. When the Bluetooth connection is successful, you will hear a beep from the mirror.
6. Play music on your device and it will play through the speakers on your mirror.

NOTES

1. Only one mobile phone or device can be connected with the mirror Bluetooth module at the same time.
2. To connect a new device you must first disconnect the device which is currently connected. For example: if device **A** is currently connected to the mirror and you want to connect a new device **B**, then device **A** must be disconnect before connecting device **B**.
